Thoughts on

South Africa May 11 2021 Written by the 19th century South African author, Olive Schreiner, this interesting book echoes some of her observations and thoughts as an Englishwoman in South Africa who believes in equal rights across all races and sexes, a sentiment far ahead of her time. In this book particularly, Schreiner writes about her opinion on slavery, her experiences with the Boers, and her perspective on South Africa as a nation.

industrial drama about to be performed. *The Life of Henry Bradley Plant* Oct 16 2021 This is a detailed and accurate biography of Henry Bradley Plant (1819 - 1899), a businessman, entrepreneur, and investor concerned with many transportation welfares and projects, primarily railroads, in the southeastern United States. He was the founder of the famous Plant System of railroads and steamboats. After reading this well-written biography by G. Hutchinson Smyth, one can get a clear idea of the best period in the history of the states of the southern US. This book presents

an accurate account of the major events that took place in the life of H.B. Plant and delivers several valuable insights into the success of the Plant system that he formed in 1882 to lease and buy other railroads and expand the system. The author details several significant happenings in the life of Plant from his birth to his sicknesses, from his hobbies and interests to his occupation, from his experiences pre and post the civil war, finally, to his demise.

State of the Union Addresses was delivered by Zachary Taylor, president of the United States. Excerpt: "Sixty years have elapsed since the establishment of this Government, and the Congress of the United States again assembles to legislate for an empire of freemen. The predictions of evil prophets, who formerly pretended to foretell the downfall of our institutions, are now remembered only to be derided, and the United States of America at this moment presents to the world the most stable and permanent Government on earth. Such is the result of the labors

of those who have gone before us. Upon Congress will eminently depend the future maintenance of our system of free government and the transmission of it unimpaired to posterity."

Many are bound down by the curse of rum, others by the besetting sins of lust, unholy temper, envy, revenge, malice, hatred, jealousy, prejudice, pride, covetousness, or selfishness resulting from a carnal mind. Out of the vast multitudes that are led captive by the devil at his will, a few that have violated human law have been sentenced to various prisons and reformatories. This book has much to say about the men and women behind prison walls. It records the sad

story of many prisoners in a way that very few can read without being moved to tears and that will awaken sympathy in the hardest hearts.

The Evolution of Modern

Orchestration Jan 07 2021 "The Evolution of Modern Orchestration" by Louis Adolphe Coerne is a book that traces the evolution of the orchestra and of orchestration in connection with the history of music proper. Special emphasis is laid

upon what may be termed the "IMPELLING FORCES" to which the development of orchestration is due. In addition to extended studies of orchestral scores themselves, the standard works of Berlioz, Gevaert, Riemann, Parry, and others have, as a matter of course, been referred to. Throughout the book, the achievements of the more prominent composers are set forth in such a manner as to indicate not only the distinctive features of their orchestration but their general creative ability as well.
