*These Are Our Bodies, Middle School Leader Guide* Nov 17 2021 Our inherent value and worth comes from God's love for us, but our modern world is filled with sexual expression that too often leads us away from the life of Christ. As Christians seeking to live a life worthy of our calling and desiring to pass along these values to our children and youth, this book explores how we (as parents and adults) can explore issues of sexuality in the context of our faith. A sexuality education resource from a mainline/progressive denominational perspective aids the adult reader/teacher/parent in learning and using skills that enable them to embrace and affirm the wholeness of sexuality and to talk openly and honestly about the connection of sexuality and faith. This book, grounded from a theological perspective, focuses on foundational issues for addressing how we (and why we) are called to have these conversations in a faithful community to support families. The importance of looking at one's sexuality throughout the lifespan through the lenses of decision making, faith and daily life, respect, growth and change, behavior, responsibility, values, prayer, and intentionality is explored, offering a grounding as well as stand-alone resource for individuals and churches to build upon.

*Excellence Through Equity* Jun 12 2021 Excellence Through Equity is an inspiring look at how real-world educators are creating schools where all students are able to thrive. In these schools, educators understand that equity is not about treating all children the same. They are deeply committed to ensuring that each student receives what he or she individually needs to develop their full potential—and succeed. To help educators with what can at times be a difficult and challenging journey, Blankstein and Noguera frame the book with five guiding principles of Courageous Leadership: - Getting to your core - Making organizational meaning - Ensuring constancy and consistency of purpose - Facing the facts and your fears - Building sustainable relationships They further emphasize that the practices are grounded in three important areas of research that are too often disregarded: (1) child development, (2) neuroscience, and (3) environmental influences on child development and learning. You'll hear from Carol Corbett Burris, Michael Fullan, Marcus J. Newsome, Paul Reville, Susan Szachowicz, and other bold practitioners and visionary thinkers who share compelling and actionable ideas, strategies, and experiences for closing the achievement gap in your classrooms and school. Ensuring that all students receive an education that cultivates their talents and potential is in all our common interest. As Andy Hargreaves writes in the coda: "The opportunity for all Americans is to articulate and believe in an inspiring vision of educational change that is about what the next generation of America and Americans should become, not about a target or ranking that the nation should attain."

*Fierce - Women's Bible Study Leader Guide* Aug 22 2019 Learn from the fierce women of God who changed the world. The word fierce is trendy. It is used to describe women who are extreme athletes, high-level executives, or supermodels. Women at the top of their game. But what about the rest of us? Can we be fierce? Absolutely! In fact, women like us have been changing the world for thousands of years--many who received little fanfare yet lived fiercely anyway. In this six-week study we will look at lesser-known female characters in the Bible and the ways they changed the world by living into God's calling, including: The midwives of Egypt (Shiphrah and Puah), who made hard decisions in the face of evil Deborah, who was an unlikely and powerful leader Naaman's slave girl, who bravely points others to God's healing power The Woman at the Well, who boldly repented and shared her faith Lois and Eunice, who parented with intentionality and effectiveness Dorcas, who showed kindness to those in need. As we explore their lives, we will discover how we too can live into our callings, honor the Lord, and even change the world through our courage, faithfulness, and obedience. Bible Study Features: A six-week study of lesser-known female characters in the Bible. Helps women consider how they can be fierce women of God. Workbook includes five devotional lessons for every week of study. Each DVD segment features an opening "fierce" vignette followed by engaging Bible teaching with practical life application. *Unleashed* Aug 14 2021 "Bestselling authors Frances Frei and Anne Morriss champion a bold redefinition of leadership and offer a real-world guide for unleashing greatness in other people and, ultimately, yourself. When leaders want to improve, they find an abundance of ideas to help build themselves up. They're told to identify and develop natural-born strengths, to mine their failures for insights into what they need to change, and to work hard to correct any real or perceived career-limiting deficiencies. Own the room. Eat last. Do you. Frances Frei and Anne Morriss argue that this popular leadership advice glosses over the most important thing you can do to be a great leader: Build others up. Leadership, at its core, is not about you. As Frei and Morriss show through inspiring stories from the NBA to ancient Rome to Silicon Valley, real leadership is about how effective you are at making other people better--and making sure that this impact endures even in your absence. Unleashed helps you do just that. Showing how the boldest, most effective leaders use a special combination of trust, love, and inclusion to create a space in which other people can excel, Frei and Morriss provide practical, battle-tested tools--based on their work in companies such as Uber, Riot Games, Walmart, and others--along with interviews and stories from their own personal experience to make these ideas come alive. This book is your indispensable guide for unleashing greatness in other people . . . and, ultimately, in yourself"--

*Innovative Leaders Guide to Transforming Organizations* Dec 26 2019 This book represents the synthesis of twenty years of consulting. It integrates best practices from consulting firms, colleagues, and clients. I would first like to acknowledge Accenture and PricewaterhouseCoopers for providing practical opportunities for me to learn and build strong skills in consulting, organizational change, large-scale systems change, and strategic thinking, among many others. It was this solid foundation that allowed me to create this methodology. As a theoretical foundation, I worked with or studied the work of many thought leaders in the fields of leadership development, developmental psychology, integral theory, and others. The theoretical giants on whose hard work we built the Innovative Leadership and Organizational Transformation models include: Terri O'Fallon, Ph.D., Susanne Cook-Greuter, Ph.D., Hilke Richmer, Ph.D., Roxanne Howe-Murphy, Ed.D., and Peter Senge, Ph.D., Cindy Wigglesworth Ph.D., and Ken Wilber. These leaders shared not only their theories, but ongoing guidance and encouragement helping to create a solid framework that is comprehensive and theoretically grounded.
