*Myth and Tragedy in Ancient Greece* Sep 26 2022 Jean Pierre-Vernant and Pierre Vidal-Naquet are leaders in a contemporary French classical scholarship that has produced a a stunning reconfiguration of Greek thought and literature. In this work, published here as a single volume, the authors present a disturbing and decidedly non-classical reading of Greek tragedy that insists on its radical discontinuity with our own outlook and with our social, aesthetic, and psychological categories. Originally published in French in two volumes, this new single-volume edition includes revised essays from volume one and is the first English translation of both volumes. Pierre Vidal-Naquet is Director of Studies and Professor of Sociology at the Ecole Pratique des Hautes Etudes in Paris. Jean Pierre-Vernant is Professor Emeritus of Comparative Study of Ancient Religions at the Collège de France. Janet Lloyd is a translator and writer living in England. Distributed for Zone Books.

**Terrible Tales of Ancient Greece** Jun 11 2021 Before there was Jupiter, there was Zeus. And before there was Venus, there was Aphrodite. The ancient Romans took many of their gods and their legends from Greece. And no wonder, these awesome tales are full of danger, magic, and heroic feats. Readers will love learning how these fantastical stories and characters even have a place in modern times, for example, the Perseus and Andromeda constellations. Jason and the Argonauts, Theseus and the Minotaur, and the Trojan Horse are just some of the thrilling, and even amusing, tales found in this illustrated book.

**Palmyra** Jan 18 2022 Located northeast of Damascus, in an oasis surrounded by palms and two mountain ranges, the ancient city of Palmyra has the aura of myth. According to the Bible, the city was built by Solomon. Regardless of its actual origins, it was an influential city, serving for centuries as a caravan stop for those crossing the Syrian Desert. It became a Roman province under Tiberius and served as the most powerful commercial center in the Middle East between the first and the third centuries CE. But when the citizens of Palmyra tried to break away from Rome, they were defeated, marking the end of the city's prosperity. The magnificent monuments from that earlier era of wealth, a resplendent blend of Greco-Roman architecture and local influences, stretched over miles and were among the most significant buildings of the ancient world—until the arrival of ISIS. In 2015, ISIS fought to gain control of the area because it was home to a prison where many members of the outlawed Muslim Brotherhood had been held, and ISIS went on to systematically destroy the city and murder many of its inhabitants, including the archaeologist Khaled al-Asaad, the antiquities director of Palmyra. In this concise and elegiac book, Paul Veyne, one of Palmyra's most important experts, offers a beautiful and moving look at the history of this significant lost city and why it was—and still is—important. Today, we can appreciate the majesty of Palmyra only through its pictures and stories, and this book offers a beautifully illustrated memorial that also serves as a lasting guide to a cultural treasure.

*Kritik der postmodernen Vernunft* Feb 25 2020

[Did the Greeks Believe in Their Myths?](#) Oct 27 2022 "[Veyne's] present book has some kinship with his

sprightly theoretical work *Comment on écrit l'histoire*; and he declares that its aim was to provoke reflection on the way our conception of truth is built up and changes over the centuries. . . . The style is brilliant and exhilarating."—Jasper Griffin, *Times Literary Supplement*

**Sophrosune in the Greek Novel** Aug 13 2021 This book offers the first comprehensive evaluation of ethics in the ancient Greek novel, demonstrating how their representation of the cardinal virtue sophrosune positions these texts in their literary, philosophical and cultural contexts. Sophrosune encompasses the dispositions and psychological states of temperance, self-control, chastity, sanity and moderation. The Greek novels are the first examples of lengthy prose fiction in the Greek world, composed between the first century BCE and the fourth century CE. Each novel is concerned with a pair of beautiful, aristocratic lovers who undergo trials and tribulations, before a successful resolution is reached. Bird focuses on the extant examples of the genre (Chariton's *Callirhoe*, Xenophon of Ephesus' *Ephesiaca*, Longus' *Daphnis and Chloe*, Achilles Tatius' *Leucippe and Clitophon* and Heliodorus' *Aethiopica*), which all have the virtue of sophrosune at their heart. As each pair of lovers strives to retain their chastity in the face of adversity, and under extreme pressure from eros, it is essential to understand how this virtue is represented in the characters within each novel. Invited modes of reading also involve sophrosune, and the author provides an important exploration of how sophrosune in the reader is both encouraged and undermined by these works of fiction.

**Oracles, Curses, and Risk Among the Ancient Greeks** Jan 06 2021 A study of the question tablets from the oracle at Dodona and binding-curse tablets from across the ancient Greek world, These tablets reveal the hopes and anxieties of ordinary people, and help us to understand some of the ways in which they managed risk and uncertainty in their daily lives.

*The Greek-Turkish Relationship and NATO* Apr 09 2021 This publication shows that the Eastern Mediterranean, having been transformed from a region of secondary importance during the Cold War to one of greater importance for the western interests in the post-Cold War era, is in a state of flux. Despite sporadic periods of rapprochement, tensions between Greece and Turkey still exist. Therefore, one must question the grounds behind the lack of normal relations that exist between these two NATO members and its effects on the NATO organisation as a whole. Hence, this volume has two purposes first, to examine Greek and Turkish foreign, security and defence policies during and after the post-Cold War period and second, to investigate why these policies have been formulated.

**Lawmaking and Adjudication in Archaic Greece** Sep 21 2019 "Lawmaking and Adjudication in Archaic Greece" re-evaluates central aspects of the genesis and application of laws in the communities of archaic Greece, including the structure and function of legislative bodies, the composition of the courts, the administration of justice and the use and abuse of legal norms and procedures by litigants in the courts and everyday settings. Combining a detailed analysis of epigraphical and literary evidence and the application of a model of interpretation borrowed from cultural analyses of law, this book argues that far from being

monolithic creations of archaic polities that unilaterally informed social life, archaic legal systems can be more appropriately viewed as ideologically polyvalent and socially complex. It includes legal norms and the administration of justice articulated associations with divine and secular authority but also incorporated, mainly in their reception and application by average citizens, discourses of utility and resistance that actively contributed in the composition of social relations.

*Greek Gods, Human Lives* Feb 07 2021 Insightful and fun, this new guide to an ancient mythology explains why the Greek gods and goddesses are still so captivating to us, revisiting the work of Homer, Ovid, Virgil, and Shakespeare in search of the essence of these stories. (Mythology & Folklore)

*Game On in Ancient Greece* May 30 2020 Time travel with the Binkertons! Josh, Emma and Libby Binkerton return to the Good Times Travel Agency — but this time, with a plan to travel to the future, to the next Olympic Games. What could go wrong? Well, plenty! Like when the owner of the shop misunderstands and sends the children to the ancient Olympic Games instead — in fifth-century BCE Greece! Uh oh! What will the Binkertons do? Kids won't want to miss this funny, Olympic-sized adventure filled with facts about ancient Greece!

*Worshipping Virtues* Jul 24 2022 The Greeks, in Dr. Johnson's phrase, 'shock the mind by ascribing effects to non-entity'. The culture of ancient Greece was thronged with personifications. In poetry and the visual arts, personified figures of what might seem abstractions claim our attention. This study examines the logic, the psychology and the practice of Greeks who worshipped these personifications with temples and sacrifices, and addressed them with hymns and prayers. Emma Stafford conducts case-studies of deified 'abstractions', such as Peitho (Persuasion), Eirene (Peace) and Hygieia (Health). She also considers general questions of Greek psychology, such as why so many of these figures were female. Modern scholars have asked, Did the Greeks believe their own myths? This study contributes importantly to the debate, by exploring widespread and creative popular theology in the historical period.

*Eyewitness Workbooks Ancient Greece* Jun 23 2022 Popular history, science, and geography topics brought out of the classroom and into your home with fast facts, activities, and quizzes. Some subjects are too interesting to be left at school! Carry on your love of history at home with Ancient Greece--an activity-packed exploration of the lives and history of the ancient Greeks. Divided into sections, the book starts with fast facts on topics including the ancient Greek world, city-states, Greek gods and goddesses, home life, and Hellenism; and ends with charts of famous Greeks and art and architecture. Using this information, you can complete the puzzles in the main part of the book, plus there are hands-on activities such as making your own chiton (tunic) and learning the Greek alphabet. Finally, test your newfound knowledge with the quick quizzes (with answers supplied). You can keep track of your achievements throughout with a star chart to fill in every time you finish a page. Note to parents: The Eyewitness Workbooks series is devised and written with the expert advice of educational and reading consultants and is designed to appeal to children ages 8 years and up. First published in 2007-2009, this series has been fully revised and updated for 2020.

**Psyche & Eros: The Lady and the Monster [A Greek Myth]** Oct 03 2020 Psyche lives in the comfort of her parents' wealthy kingdom. But when her beauty draws the jealous anger of the powerful goddess Aphrodite, Psyche finds herself in great danger. She is taken away to an isolated mountain to marry a monster. Will Psyche find love after all with her mysterious new husband? Or will she fall prey to Aphrodite's revenge?

**TOOLS OF THE ANCIENT GREEKS** May 10 2021 Tools of the Ancient Greeks: A Kid's Guide to the History and Science of Life in Ancient Greece explores the scientific discoveries, athletic innovations, engineering marvels, and innovative ideas created more than two thousand years ago. Through biographical sidebars, interesting facts, fascinating anecdotes, and fifteen hands-on activities, readers will learn how Greek innovations and ideas have shaped world history and our own world view.

**Mythos und Gesellschaft im alten Griechenland** May 22 2022

**The Greeks** Jul 12 2021 The Greeks has provided a concise yet wide-ranging introduction to the culture of ancient Greece. In this new and expanded third edition the best-selling volume offers a lucid survey that covers all the key elements of ancient Greek civilization from the age of Homer to the Hellenistic period. It provides detailed discussions of the main trends in literature and drama, philosophy, art and architecture, with generous reference to original sources, and places ancient Greek culture firmly in its political, social and historical context. The new edition has expanded coverage of the post-Classical period with major expansions in the areas of Hellenistic history, literature and philosophy. More emphasis is placed on the Greek world as a whole, especially on Sparta, and the focus on social history has been increased. The Greeks is an indispensable introduction for all students of Classics, and an invaluable guide for students of other disciplines who require grounding in Greek civilization.

*The Greeks* Nov 16 2021 "Most ancient cultures disappeared with scarcely a trace, their effect upon our modern way of life of little consequence. The Greeks, however, continue to influence contemporary man through their drama, philosophy and art, their political cognizance and knowledge of science. There are many books introducing the Greek world to the modern reader, but this volume was recognized as a classic in the field upon its publication by Penguin Books. It now appears in a new paperback edition, with a new preface by the author and 32 pages of photographs selected especially for the American reader. The Greeks introduces us to the people who formed and founded a new and distinct way of life, the democratic city-state. The author presents--frequently in the words of the Greeks themselves--the formation of the people as a nation, the nature of the country, the impact of Homer, and the rise and decline of the city-state. The book includes an intensive study of the classical period, and provides an illuminating view of the Greek mind, myths and religion, life and character. The Greeks is a recognized classic, written with remarkable grace and wit. In its new, richly illustrated and permanent form, it will endure as perhaps the best reconstruction of one of the greatest episodes in the history of civilized man. H.D.F. Kitto (1897-1982) was professor of Greek at the University of Bristol and is well known as a scholar, teacher and writer in his field. He wrote several books on Greek drama, and his *In the Mountains of Greece* resulted from extensive travel throughout the country."--Provided by publisher.

*Ancient Greek Religion* Mar 28 2020 Ancient Greek Religion: Historical Sources in Translation presents a wide range of documents relating to the religious world of the ancient Greeks from the earliest surviving literature to around the end of the fourth century BCE. Presents a wide range of documents relating to the religious world of the ancient Greeks, from the earliest surviving literature to around the end of the fourth century BCE Provides extensive background information for readers with no previous knowledge of classical studies Brings together new and rare passages for comparison - with occasional new interpretations - to appeal to professionals Offers a variety of less frequently examined material and looks at familiar texts in new ways Includes the use of extensive cross-referencing to indicate the interconnectedness of different aspects of religious practice and thought Includes the most comprehensive commentary and updated passages available in a single volume

**Political Correctness** Aug 01 2020 Die Grundlagen unseres Wissens und unserer Meinungen bestimmen unser Denken und Handeln, doch die westliche Zivilisation steht vor Herausforderungen, die sich vehement zuspitzen: den Differenzen zwischen den Geschlechtern (#MeToo), den Ethnien, den Religionen, den politischen und ökonomischen Extremen. Wie offen kann oder muss über soziale Konflikte gesprochen

werden, warum gibt es Tabus? Diese angeheizte Diskussion über Political Correctness erhellt die Problemstellungen, sie differenziert und gibt Antworten. Eine aufregende Debatte, die 2018 in Toronto im Rahmen der Munk Debates (internationales Podium für zeitgeschichtliche Diskussionen) stattgefunden hat und durch die dezidierten Positionen der Beteiligten die eigene Meinungsbildung forciert.

Griechische Religion der archaischen und klassischen Epoche Mar 08 2021 Unter den Religionen des Altertums ist die griechische Religion mit am lebendigsten bezeugt. In Verbindung mit grossartiger Literatur und bildender Kunst hat sie auf die Entfaltung der abendlandischen Kultur immer wieder Einfluss genommen. Das vorliegende Buch stellt griechische Religion im Zeitraum 800-300 v. Chr. dar, von Homer bis Aristoteles, in ihren historischen und sozialen Bezügen sowie auf dem Hintergrund der minoisch-mykenischen und der orientalischen Hochkulturen. Es gibt die primären Zeugnisse an die Hand und zeigt thematische Zusammenhänge auf. Dabei bleibt es auch für Laien lesbar. Die Neuauflage ist unter Einbezug der neueren Literatur durchgehend überarbeitet und aktualisiert.

A Bestiary of Monsters in Greek Mythology Oct 15 2021 The aim of this book is to explore the realm of the imaginary world of Greek mythology and present the reader with a categorization of monstrosity, referring to some of the most noted examples in each category.

**Geschichte der Halbinsel Morea während des Mittelalters** Apr 21 2022

*Personal Religion Among the Greeks* Mar 20 2022 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1954.

*Littell's Living Age* Aug 21 2019

*Psyche* Aug 25 2022

*The Daily Life of the Greek Gods* Dec 17 2021 Discusses the everyday life of the gods of the Iliad, including what their bodies were made of, how they received nourishment, their social life on Olympus and among

humans, and their loves, festivities, and disputes.

*Ancient Greek Ideas on Speech, Language, and Civilization* Sep 02 2020 "The source and nature of earliest speech and civilization are puzzles that have intrigued people for many centuries. This book explores Greek ideas on the beginnings of language, and the links between speech and civilization. It is a study of ancient Greek views on the nature of the world's first society and first language, the source of language, the development of civilization and speech, and the relation between people's level of civilization and the kind of language they use." "Discussions of later Western reflections on the origin and development of language and society, particularly during the Enlightenment, feature in the book, along with brief surveys of recent research on glottogenesis, the acquisition of language, and the beginnings of civilization."--BOOK JACKET.  
**Greek Myth** Feb 19 2022 This volume provides a guide to research in the field of Greek Myth, introducing the main questions, theories and methods related to the study of Greek Myth today. The author points out, with critical reappraisal, the key themes and ideas in recent scholarship and makes suggestions for future lines of study. Aimed at students and scholars in Classics, it will also be of interest to larger audiences in the Humanities.

**A Survey of Greek Civilization** Jul 20 2019 Nachdruck des Originals von 1897.

*Greeks Bearing Gifts* Dec 05 2020 Using models from social anthropology as its basis, this book looks at the role of personal relationships in classical Greece and their bearing on interstate politics. It begins with a discussion of what friendship meant in the Greek world of the classical period, and then shows how the models for friendship in the private sphere were mirrored in the public sphere at both domestic and interstate level. As well as relations between Greeks (in particular those in Athens and Sparta), Dr Mitchell looks at Greek relations with those on the margins of the Greek world, particularly the state of Macedon, and with neighbouring non-Greeks such as the Thracians and the Persians. She finds that these other cultures did not always have the same understanding of what friendship was, and that this led to misunderstandings and difficulties in the relations between non-Greeks and Greeks.

**Symbol und Ritual** Sep 14 2021
