Engaging Young Writers Mar 20 2022 As teachers, we do indeed live narrative lives, and if you read Engaging Young Writers, Preschool to Grade 1, Matt Glover will help you live out new kinds of stories with the children you teach. He helped me do just that. I'm a better teacher because of what I've learned from him. - Katie Wood Ray Author of About the Authors We are so fortunate to have this book. Matt shares his deep understanding of young writers and a warm approach to teaching writing, and shows us how to nudge children in ways that are considerate of their interests and intentions as well as their intellectual development. - Kathy Collins Author of Growing Readers to school wanting to write. But some are unsure about getting started or don't realize they have something to say. Motivating students to put markers to paper is the key that unlocks a lifetime of writing. Engaging Young Writers provides entry points that help every student find a way into writing. In Engaging Young Writers, Matt Glover (coauthor of Already Ready) presents ways to encourage students to pick up the pen and share their remarkable thinking. Entry points for writers, he helps you match your teaching to children's individual interests and patterns of learning. Glover shows how you can nudge writers into action through meaning, choice, and purpose invite preschoolers to write through conversation and invite primary students through units of study spark imaginative writing through read-aloud and dramatic play inspire kids to write stories from personal experiences give students the chance to share their interests through nonfiction writing. Engaging Young Writers features teaching tested in real classrooms and the student samples to back it up. Glover takes special care to address how his ideas can be applied to the unique needs of writers in preschool, kindergarten, and grade one. Inside every child is a writer. Inside you is the desire to give children a great start. Inside Engaging Young Writers is the teaching to help you create that wonderful moment when students decide to become the writer within.

Differentiated Reading for Comprehension, Grade 1 2020 Differentiated Reading for Comprehension is designed to provide high-interest, nonfiction reading success for all readers. This 64-page book focuses on first grade reading defined by the Common Core State Standards. Each of 15 stories is presented separately for the below-level, on-level, and advanced students, followed by a series of comprehension questions. Grade one covers such standards as identifying key details, using text features to find information, identifying an author's purpose, and comparing and contrasting two texts on the same topic. This new series will allow teachers to present the same content to below-level students with these leveled nonfiction stories. It includes multiple-choice, fill-in-the-blank, and true/false questions; short-answer writing practice; and comprehension questions. Students stay interested, build confidence, and reading can be fun! The reading passages will be separated into sections with titles such as Extreme Places, Amazing People, Wild Animals, Strange and Unexplained, Fascinating Machines, and Amazing Kids.  
Common Core Math 4 Today, Grade 1 11 2021 This is a perfect supplement to any classroom math curriculum. The book covers 40 weeks of daily practice. It includes 4 math exercises a day for four days a week. A separate answer key is included with every exercise.  
Train Your Brain Grade 1 Math Oct 03 2020 Train Your Brain for Grade 1 provides extra practice to help your child understand the key Mathematics skills.  
Handbook of Early Literacy Research, Volume 2 28 2020 Current research increasingly highlights the role of early literacy in young children's development--and informs practices and policies that promote success among diverse learners. Handbook of Early Literacy Research presents cutting-edge knowledge on all aspects of literacy learning in the early years. Volume 2 provides additional perspectives on important topics covered in Volume 1 and addresses critical issues such as the transition to school, the teacher-child relationship, sociodramatic play, vocabulary development, neuroimaging work, Vygotskian theory, findings from international studies, and more.
