**Us-Amerikanischer Entwicklungsprogramme** Oct 03 2020 Studienarbeit aus dem  
Jahr 2014 im Fachbereich Ethnologie / Volkskunde, Note: 1,0, Johann Wolfgang  
Goethe-Universität Frankfurt am Main (Institut für Ethnologie), Sprache: Deutsch,  
Abstract: Sie gilt als Terroristenversteck, anhaltender Konflikthort und armstes Gebiet  
des Staates: Mindanao, die südliche Insel der Philippinen, scheint die Probleme der  
Menschheit in sich gebündelt zu haben. Seit 1968 verlaufen hier die blutigen  
Konfliktlinien zwischen den Truppen der hauptsächlich christlichen Regierung der  
Philippinen (GRP) und muslimischen Rebellen, die vorrangig für einen unabhängigen  
muslimischen Staat kämpfen. Mitte der 90er Jahre begannen die ersten internationalen

Entwicklungshilfeorganisationen, Friedens- und Entwicklungsprojekte in der Region durchzuführen, doch bis heute haben sie, ähnlich wie die Friedensverhandlungen von Seiten der GRP, keine dauerhafte Beendigung des Konflikts erreicht. Die Gründe dafür sind vielschichtig und keinesfalls monokausal erklärbar, doch ein möglicher Aspekt könnte in der fehlenden Sensibilität von Entwicklungshilfeorganisationen für mögliche konflikterhaltende Faktoren innerhalb ihrer eigenen Programme liegen. Am Beispiel von zwei Programmen der United States Agency of International Development (USAID) soll daher nun in dieser Arbeit analysiert werden, inwieweit Entwicklungshilfeorganisationen und deren Arbeit, die theoretisch friedenssichernd wirken sollte, selbst für das Fehlen von signifikant positiven Auswirkungen im spezifischen Konfliktrahmen Mindanaos verantwortlich sind. Zu diesem Zweck wird das "Do no harm"-Framework von Mary B. Anderson herangezogen, bei dem allgemeine Kategorien vorgestellt werden, unter denen Entwicklungshilfe entweder konflikterhaltend bzw. -verstärkend oder konfliktlosend wirken kann (Anderson 1999: 23 ff.). Indem diese auf das genannte Fallbeispiel bezogen werden (wobei hier hauptsächlich auf die konflikterhaltende Kategorien eingegangen werden soll), können problematische Faktoren und Entwicklu

*Investigation of Political Activities by White House and Federal Agency Officials*

*During the 2006 Midterm Elections* Sep 26 2022 This report presents the U.S. Office of Special Counsel's (OSC) investigative findings regarding White House Office of Political Affairs (OPA) employees conducting political briefings for agency political appointees during work hours and in the federal workplace. OSC's investigation eventually expanded to examine other Hatch Act concerns involving OPA employees

and agency political appointees. The activities investigated by OSC occurred during President George W. Bush's administration (Bush II). In addition, OSC explains its findings and legal conclusions, and recommends certain practices and regulatory amendments that OSC believes should be adopted to ensure future compliance with the Hatch Act. Illus. This is a print on demand report.

*Inventing Public Diplomacy* Aug 21 2019 Public diplomacy - the uncertain art of winning public support abroad for one's government and its foreign policies - constitutes a critical instrument of U.S. policy in the wake of the Bush administration's recent military interventions and its renunciation of widely accepted international accords. Wilson Dizard Jr. offers the first comprehensive account of public diplomacy's evolution within the U.S. foreign policy establishment, ranging from World War II to

the present. Dizard focuses on the U.S. Information Agency and its precursor, the Office of War Information. Tracing the political ups and downs determining the agency's trajectory, he highlights its instrumental role in creating the policy and programs underpinning today's public diplomacy, as well as the people involved. The USIA was shut down in 1999, but it left an important legacy of what works and what doesn't in presenting U.S. policies and values to the rest of the world. *Inventing Public Diplomacy* is an unparalleled history of U.S. efforts at organized international propaganda.

**U.S. Economic Foreign Aid** Jun 23 2022 Originally published in 1990, this volume is a comprehensive study of United States foreign aid allocation from 1961-1983 and the significance it has for US Foreign Policy as a whole. As well as developing a theoretically consistent measure of poverty for the research, the book also examines the relationship between bilateral foreign aid and multilateral foreign aid. A number of theoretical issues in comparative politics, international relations, US domestic

institutional decision making and the development of political and economic institutions are explored.
