Auto Repair For Dummies May 30 2020 Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs

and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Bicycling Essential Road Bike Maintenance Handbook Nov 04 2020 Cyclists will never fear the unknown landscape of bicycle repair on the road with this condensed edition of the perennial Rodale favorite, The Bicycling Guide to Complete Bicycle Maintenance and Repair by Todd Downs. This edition features a compact trim size that fits easily in a kit bag or pocket and is packed with information on maintaining and repairing bicycles that is suited for any traveling cyclist. This portable handbook distills the core fundamentals and serves as a guide to repairing and maintaining one's bike, focusing specifically on instructions with step-by-step photos, troubleshooting tips, links to videos, and helpful sidebar material. The book is clearly organized from front of bike to back with color-coded page tabs serving as a visual table of contents to key bike areas so that readers can find quickly and efficiently the information they need. Bicycling Essential Road Bike Maintenance Handbook edited by Brian Fiske is the perfect troubleshooting guide for every cyclist—beginner or intermediate—and will provide a welcome relief to any cyclist faced with unexpected issues on the road.
