[The Children's Rights Movement](#) Oct 04 2020 An historical perspective on the children's rights movement traces its evolution from colonial times to the present [Understanding Youth And Crime](#) Mar 29 2020 Reviewers' comments on the first edition "This is an excellent introductory textbook on youth and crime. It is excellent not only in its analysis of criminological questions about youthful offending, but also because it positions the debate within a wider context of the relationship between young people and society." Young People Now "The style is lively and readable, and the reader is pointed unobtrusively within the text towards the work of the leading authors in the

field... a thorough and thoughtful introduction to the subject." Social Policy "a critical and scholarly summary of the state of research and theorizing around 'youth and crime' ... This book provides a useful and challenging overview of the topic for undergraduate students." The Times Higher Education Supplement This book is an accessible introduction to the subject of youth and crime. The author explores the social construction of childhood and youth, and looks at the role of the media in creating a strong association of young people with crime and disorder, which sustains processes of marginalization and exclusion and leads to frequent 'panics' about youth crime. The importance of media

representations of race and gender in these processes are also explored. The second edition is substantially revised and updated to take account of new political events and legislative developments, including: A new chapter on the phenomenon of 'cybercrime' A critical examination of recent developments in youth justice policy A new chapter on the impact of globalization on young people, which raises major issues around poverty, war and the commercial exploitation of children. This is a key text for students in criminology, sociology, social policy, and cultural studies. With Children and Youth

Aug 22 2019

With Children and Youth provides a snapshot of emerging theories and perspectives in the field of child and youth care across North America. Well-known scholars and researchers present new and innovative critical perspectives, written in a provocative manner and reflecting outside-the-box thinking. The book examines from scholarly and practical viewpoints the purpose of child and youth care practice, relational practice, post-modern approaches to thinking about theory and practice, and new and innovative thinking about the professionalization and accreditation of the discipline itself. Some chapters merge thinking about child and youth care with esoteric and literary prose; others use humour and satire as a way to represent both foundational and entirely new directions in the field. With Children and Youth provides no set conclusions or findings about the field; instead, it guides the reader to spaces of controversy, contention, and opportunities for innovation and change. Child and youth care practice and theory, it is argued, is based fundamentally on engagement across generations, cultures, and social positions, and this book exemplifies precisely that.

Juvenile Literature and British Society, 1850-1950

May 31 2020

The Victorians and Edwardians created a cult of adolescence as significant as the Romantic cult of childhood, positing adolescence as a liminal period between childhood and adulthood, a time that adults could remember nostalgically but which for children leaving home represented a potentially terrifying immersion into a hierarchical and authoritarian world. "Juvenile" literature was able to accommodate the potentially radical Romantic concepts of childhood to the demands of middle class society. The adolescent was the exemplary figure of the Victorian and Edwardian society because he or she epitomised both its freedoms and restrictions.

Juvenile Justice

Aug 26 2022

Juvenile Justice: Redeeming Our Children debunks myths about juvenile justice in order to achieve an ideal system that would protect vulnerable children and help build safer communities. Author Barry Krisberg assembles broad and up-to-date research, statistical data, and theories on the U.S. juvenile justice system to encourage effective responses to youth crime. This text gives a historical context to the ongoing quest for the juvenile justice ideal and examines how the current system of laws, policies, and practices came into place.

Die Schwarzen Musketiere - Das Schwert der Macht Jan 19 2022 Lukas und seine drei Freunde wollen nur eines - die zerstörte Burg Lohenstein soweit aufbauen, dass sie darin gut über den kalten Winter kommen können. Doch da taucht der Sterndeuter Senno auf und hat beunruhigende Neuigkeiten für die vier Kampfgenossen: Ihr alter Widersacher, der Inquisitor Waldemar von Schönborn, habe die legendären Reichsinsignien, die für die Krönung eines Deutschen Kaisers unerlässlich sind, in seinen Besitz gebracht. Senno befürchtet nun, dass Waldemar von Schönborn mithilfe von Schwert, Krone und Zepter das Reich erpressen will. Die wertvollen Gegenstände habe der Inquisitor an drei verschiedenen Orten in der alten Kaiserstadt Prag versteckt. Lukas, Giovanni, Jerome und Paulus zögern keine Sekunde und machen sich auf den Weg nach Prag. Doch das Abenteuer, das sie dort erwartet, stellt ihren Mut und ihre Freundschaft auf eine harte Probe ...

Bestsellerautors Oliver Pötzsch. Fechten, Reiten, auf die Jagd gehen – das Leben des jugendlichen Grafensohns Lukas ist wie ein großes Abenteuer. Doch von einem Tag auf den anderen ist nichts mehr, wie es war: Der Inquisitor Waldemar von Schönborn lässt Lukas' Mutter verhaften, um sie als Hexe zu verhören – und Lukas' Vater stirbt beim Versuch, sie zu befreien. Lukas selbst flüchtet, doch seine kleine Schwester Elsa gerät in die Gewalt des Inquisitors. Mittellos und auf sich allein gestellt ist Lukas nur von einem Gedanken getrieben: Er muss Schönborn finden und Elsa befreien! Doch der Inquisitor ist mächtig und sein Einfluss reicht weiter, als Lukas sich das vorzustellen vermag. Gegen einen derart übermächtigen Gegner hätte Lukas keine Chance – doch zum Glück hat er ein großes Talent: Er ist ein begnadeter Degenkämpfer. Und er findet echte Freunde; mit Jerome, Paulus und dem schlauen Giovanni an seiner Seite wagt er sich in das größte Abenteuer seines Lebens ...

populated system of juvenile justice, one that actually helps children rather than harms them." —Daniel Losen, co-author of *The School-to-Prison Pipeline: Structuring Legal Reform* Children and youth become involved with the juvenile justice system at a significant rate. While some children move just as quickly out of the system and go on to live productive lives as adults, other children become enmeshed in the system, developing deeper problems and at times introduced into the adult criminal justice system. *Justice for Kids* is a volume edited by leading academics and activists that focuses on ways to intervene at the earliest possible point to rehabilitate and redirect—to keep kids out of the system—rather than to punish and drive kids deeper. In the *Families, Law, and Society* series Contributors: Shay Bilchik, Brian R. Barber, Benjamin Cairns, David Domenici, Nancy E. Dowd, Jeffrey Fagan, James Forman, Jr., Joseph C. Gagnon, Theresa Glennon, Thalia N.C. González, Leslie Joan Harris, David R. Katner, KharyLazarre-White, Thomas A. Loughran, Thomas P. Mulvey, Kenneth B. Nunn, Vanessa Patino, Alex R. Piquero, Lawanda Ravoira, Stephen M. Reba, Sarah Valentine, Randee J. Waldman, and Barbara Bennett Woodhouse Nancy Dowd is Director of the Center for Children and Families at the University of Florida Fredric G. Levin College of Law and holds the David H. Levin Chair in Family Law. She is the author

of several books, most recently *The Man Question: Male Subordination and Privilege* (NYU Press).

Improving the Odds for

America's Children Jul 01

2020 This landmark volume commemorates the fortieth anniversary of the Children's Defense Fund, which has been an uncompromising champion of American youth for all of those years. Yet the book looks not to the past but at our current circumstances—and at the challenges we must meet now and in the future on behalf of our young people. The book examines critical issues—prenatal and infant health and development, early child care and education, school reform, the achievement gap, vulnerable children, juvenile justice, and child poverty—and highlights crucial practical and policy measures we need to consider and undertake if we are to better serve American children. An invaluable survey of the conditions facing American youth—and a call to action at the local, state, and national levels—*Improving the Odds for America's Children* is an urgent, informative, and inspired volume that addresses shortcomings and challenges we cannot afford to ignore. Contributors include Sara Rosenbaum, Partow Zomorrodian, Jack P. Shonkoff, Joan Lombardi, Deborah Jewell-Sherman, Jal Mehta, Robert B.

Children and Youth During the Gilded Age and Progressive Era

Jul 25 2022 In the decades after the Civil War, urbanization, industrialization, and immigration marked the start of the Gilded Age, a period of rapid economic growth but also social upheaval. Reformers responded to the social and economic chaos with a "search for order," as famously described by historian Robert Wiebe. Most reformers agreed that one of the nation's top priorities should be its children and youth, who, they believed, suffered more from the disorder plaguing the rapidly growing nation than any other group. *Children and Youth during the Gilded Age and Progressive Era* explores both nineteenth century conditions that led Progressives to their search for order and some of the solutions applied to children and youth in the context of that search. Edited by renowned scholar of children's history James Marten, the collection of eleven essays offers case studies relevant to educational reform, child labor laws, underage marriage, and recreation for children, among others. Including important primary documents produced by children themselves, the essays in this volume foreground the role that youth played in

Legal Reforms Affecting Child & Youth Services Jan 07 2021

Legal and behavioral science scholars examine the significance of the recent changes in laws affecting child and youth services and the conflicts those changes have engendered. Providers of child and youth services now can have at their fingertips the most recent information on changes in the law related to consent to treatment by children, special education, child abuse policy, procedural reform in divorce custody resolution, and juvenile justice reform. Some of the timely issues addressed in this highly acclaimed volume include the fall of the rehabilitative ideal in the juvenile justice system, the increasing concern for juvenile's procedural rights, child custody disputes, and laws regulating educational and treatment services. *Legal Reforms Affecting Child and Youth Services* is an essential

volume for providers of services in education, pediatrics, mental health, juvenile justice, and child welfare. The authors integrate legal analyses of key concepts with discussion of potential behavioral science contributions to formulation and implementation of legal reforms. In each instance, the implications of these reforms for service delivery systems are explored with attention to gaps in available research and ambiguities in the existing law.

Child, Youth and Family Welfare Oct 24 2019

Youth Justice and Child Protection Sep 03 2020

This book is an examination of recent developments in the areas of youth justice and child protection. It investigates how well young people and the societies in which they live are served by judicial and service systems. Consideration is given to those in care - in young offenders' institutions, foster families and residential homes - as well as those living with their families. A broad range of international experts discuss the largely segregated youth justice and children's legal and service systems in England and Wales, other parts of Western Europe and the US, and compare these with Scotland's integrated system. The implications of these arrangements are considered for the rights of children and parents on the one hand and society on the other. The contributors also provide

Access Free objects.herzogdemeuron.com on November 29, 2022 Pdf File Free

insights into the rationale for current and proposed policies, as well as the efficacy of different systems. This book will be an important reference for policy-makers, social workers, lawyers, magistrates and equivalent decision makers, health professionals, carers, and all those working in youth justice and child protection. It is highly relevant for academics and students interested in children, citizenship, youth crime, child welfare and state-family relations.

Radical Children's Literature

Sep 15 2021 This book, now available in paperback, reappraises the place of children's literature, showing it to be a creative space where writers and illustrators try out new ideas about books, society, and narratives in an age of instant communication and multi-media.

Children's Rights Sep 22 2019 The articles in this volume shed light on some of the major tensions in the field of children's rights (such as the ways in which children's best interests and respect for their autonomy can be reconciled), challenges (such as how the CRC can be made a reality in the lives of children in the face of ignorance, apathy or outright opposition) and critiques (whether children's rights are a Western imposition or a successful global consensus). Along the way, the writing covers a myriad of issues, encompassing the opposition to the CRC in the US; gay parenting; Dr Seuss's take on children's autonomy; the voice of neonates on their

health care; the role of NGO in supporting child labourers in India, and young people in detention and more.

Children and Criminality Jun 19 2019 Flowers provides an understanding of the relationship between child victimization and juvenile delinquency as well as a comprehensive review of the literature. Assessing the effectiveness of present conceptual frameworks, modes of research, and social and legal measures, he offers recommendations for furthering professional and research efforts in the field.

Mothers of All Children Jun 12 2021 A history of the juvenile court movement in America, which focuses upon the central but neglected contribution of women reformers. The establishment of juvenile courts in cities across the United States was one of the earliest social welfare reforms of the Progressive Era. The first juvenile court law was passed in Illinois in 1899. Within a decade twenty-two other states had passed similar laws, based on the Illinois example. Mothers of All Children examines this movement, focusing especially on the role of women reformers and the importance of gender consciousness in influencing the shape of reform. Until recently historians have assumed that male reformers dominated many of the Progressive Era social reforms. Mothers of All Children goes beyond simply writing women back into the history of the juvenile court movement to reveal the complexity of their

involvement. Some women operated within nineteenth-century ideals of motherhood and domesticity while others, trained in the social sciences and living in the poor neighborhoods of America's cities, took a more pragmatic approach. Despite these differences, Clapp finds a common maternalist approach that distinguished women reformers from their male counterparts. Women were more willing to use the state to deal with wayward children, whereas men were more commonly involved as supporters of women reformers' initiatives rather than being themselves the initiators of reform. Firmly located in the context of recent scholarship on American women's history, Mothers of All Children has broad implications for American women's political history and the history of the welfare state.

Social Skills Training for Children and Youth Mar 09 2021 One of the most complete sources of information on the development of social skills training with youth, this useful volume integrates current research and practice. Practitioners interested in establishing or revising current social service delivery programs for children and adolescents will discover valuable conceptual and programmatic ideas.

Moral Panics over Contemporary Children and Youth Jun 24 2022 The concept

of moral panic has received considerable scholarly attention, but as yet little attention has been accorded to panics over children and youth. This is the first book to examine this important and controversial social issue by employing a rigorous intellectual framework to explore the cultural construction of youth, through the dissemination of moral panics. It is accessible in manner and makes use of the latest contemporary research by addressing some of the pressing recent concerns relating to children and youth, including cyber-related panics, child abuse and pornography, education and crime. A truly international collection, this volume features new global research focusing on the United Kingdom, Australia, Canada, South Africa, and France as well as the United States. Genuinely multidisciplinary in approach, it will appeal to researchers and students across the social sciences and humanities - from sociology and social theory, to media, education, anthropology, criminology, geography and history.

Social Policy for Children and Families Nov 05 2020

Incorporating cutting-edge research, the authors of this multidisciplinary text offer new evidence that a public health framework based on ecological theory and principles of risk and resilience is essential for the successful design of social policy. Contributing authors apply the editors' conceptual model across the substantive domains of child welfare, education, mental health, health, developmental disabilities, substance use, juvenile justice, and now poverty. New and Proven Features Features chapters written by experts in respective fields to provide a holistic approach to social policy and

service integration across different systems of care Includes policy examples, discussion questions, web-based resources, and more case studies than before to prompt critical thinking, advocacy, and future research Offers updated detailed explanations of recent policy developments in seven critical areas affecting children and families, such as health care and poverty Includes a new chapter on antipoverty, aimed at reducing poverty among children and families, and more content on evidence-based practice and evaluation of programs Provides a consistent organizational format within each chapter, applying the public health framework to each of the eight core substantive areas Praise for the First Edition of Social Policy for Children and Families "What a book! A must read for those who provide services to at-risk children and their families.... The application of the public health framework to programs and policies adds value to the usual suspects of perspectives/frameworks drawn upon by the social work profession.... The authors boldly call for the triangulation of relevant theories and models of risk and resilience, and make a major contribution to social work research by advocating for the translation of empirical evidence into practical application."-- Paula Allen-Meares, University of Michigan School of Social Work Oct 28 2022
