The In-Case-of-Emergency Workbook Aug 11 2021 While recovering from an unforeseen medical emergency, author Vicki Hinze realized just how little her family knew about the practical but necessary information of routine and everyday life—doctors' names, insurance policies, location of the will, information about the mortgage, passwords, accounts, etc. If her family had floundered this much when they could still ask her for answers, she wondered just how difficult it would be for them if they couldn't ask, or if she wasn't in a position to tell them. With the The In-Case-of-Emergency Workbook, Vicki has created a space to capture all of this vital information so that families and loved ones like hers will have the necessary tools to handle affairs properly and without anxiety—in case of an emergency. Sections contained in this invaluable booklet include: Financial Medical Legal Auto Passwords Personal requests And more

Emergency Apr 07 2021 Terrorist attacks. Natural disasters. Domestic crackdowns. Economic collapse. Riots. Wars. Disease. Starvation. What can you do when it all hits the fan? You can learn to be self-sufficient and survive without the system. **\*\*I've started to look at the world through apocalypse eyes.\*\*** So begins Neil Strauss's harrowing new book: his first full-length work since the international bestseller *The Game*, and one of the most original-and provocative-narratives of the year. After the last few years of violence and terror, of ethnic and religious hatred, of tsunamis and hurricanes-and now of world financial meltdown-Strauss, like most of his generation, came to the sobering realization that, even in America, anything can happen. But rather than watch helplessly, he decided to do something about it. And so he spent three years traveling through a country that's lost its sense of safety, equipping himself with the tools necessary to save himself and his loved ones from an uncertain future. With the same quick wit and eye for cultural trends that marked *The Game*, *The Dirt*, and *How to Make Love Like a Porn Star*, *Emergency* traces Neil's white-knuckled journey through today's heart of darkness, as he sets out to move his life offshore, test his skills in the wild, and remake himself as a gun-toting, plane-flying, government-defying survivor. It's a tale of paranoid fantasies and crippling doubts, of shady lawyers and dangerous cult leaders, of billionaire gun nuts and survivalist superheroes, of weirdos, heroes, and ordinary citizens going off the grid. It's one man's story of a dangerous world-and how to stay alive in it. Before the next disaster strikes, you're going to want to read this book. And you'll want to do everything it suggests. Because tomorrow doesn't come with a guarantee...
